REITER INDIA FINISHING SYSTEMS PVT. LTD.

The great make great things, the expert make things that last.

Living up to that slogan, Reiter is focused on the highest quality and dedicated to delivering customized solutions and turnkey systems.

As a leading European supplier of automatic and electrostatic painting solutions, Reiter has been developing innovative and complex systems for the most demanding customers since its inception in 1973.

Reiter has subsidiaries all over the world and has recently come to India.

Reiter India is a joint venture company of Reiter GmbH, Germany and Murzello Group of Companies, India. This has been done to increase its share in the Indian Market and also to make its products cost effective.

Reiter Germany together with Murzello Group of Companies, have supplied various types of painting booths, auto spraying systems, robotic as well as reciprocating, including 3 axis painting for structural's and plates. These painting systems consist of Airless, Electrostatic and Disc Spraying Systems.
